### C. Regional Final Class Requirements

2. Two Federation Registered (R) or Senior (S) judges, one of who must have USEF Dressage Equitation certification must officiate in each regional finals class using the same scribes and same class scoresheet.
3. Tied scores will be broken by requiring riders to perform an additional independent test, which will be scored by both judges together. The higher score on the additional independent test will receive the higher placing.
4. Competitors must comply with all rules pertaining to horses entered in regional championship classes, including but not limited to the rule that only the rider entered in the championship class may ride the horse.
5. Riders do not need to qualify for and compete in the Adult Amateur Equitation Regional Final class on the same horse.

6. All USEF rules apply. See USEF DR 133.1 for complete specifications of Dressage Seat Equitation.
7. Dress, saddlery, and equipment rules apply as required for First Level, except that horses also showing in dressage classes at Third Level, and above, may warm up for the USDF Adult Amateur Equitation Regional Final class in a simple double bridle.

10. Riders must be judged at the medium walk, sitting and rising working trot, and working canter in both directions. When rising trot is requested, the rider should change the diagonal when changing directions, except during a lengthening. The correct diagonal is considered to be when the rider is sitting when the outside front foot and inside hind foot are on the ground.

In judging the position, seat, and use of aids, judges may include the following exercises to be ridden as a group, as required at Training and First Level: free walk, transitions from one gait to another, transitions from walk to halt and vice versa, change of direction via across the diagonal, down centerline, or half circle at the trot or walk.
12. Additional exercises from which judges may choose to request riders complete in small groups or independently include the following:
  - i. Transitions, leg yield, changes of lead through trot, serpentine at the trot, shallow loop serpentine with counter canter, trot and/or canter lengthening, and riding without stirrups.
