

Lowell Boomer

October 12, 1911- November 20, 2011

"It is with great sadness that I heard the news of the passing of Lowell Boomer just after celebrating his one hundredth birthday. For me, it was an honor to have known him. He was the founding father of both the USDF and the TDF, and was named by the "Chronicle of the Horse" as one of the 50 most influential horsemen of the 20th century worldwide. Lowell was a charismatic man with a deep love of dressage. With his wit, his smile, his vision and his dedication, he created a legacy that is the USDF and TDF. The organizations were like his children, he brought them to life, nurtured them along and watched them mature into the organizations they are today.

His impact on US dressage will be felt for years to come and he will be missed."

~ George Williams, USDF President
