

A staple of the US Dressage Finals presented by Adequan®, the annual Regions Cup competition features four horse/rider teams, from across the country in designated divisions, vying for top honors and bragging rights for their region. Additionally, this year, competitors will earn some amazing prizes from title sponsor, LeMieux.

LeMieux is globally recognized for its outstanding technical horse and rider wear, with a focus on style. LeMieux's high-quality horse and rider gear is used by some of the biggest international names in equestrian sport, and USDF could not be happier to be working with them, not only to bring these amazing products to our members, but also for the opportunity to provide additional and well-deserved recognition to our Finals competitors.

Congratulations to our top three teams:
